

# Seema Nayan Sheth

ssheth3@ncsu.edu

Phone: (919) 515-4168

<http://www.seemasheth.weebly.com>

Department of Plant and Microbial Biology

North Carolina State University

Raleigh, NC 27695

## PROFESSIONAL APPOINTMENTS

**Assistant Professor** 2018 - present

Department of Plant and Microbial Biology

North Carolina State University

**National Science Foundation Postdoctoral Fellow** 2016 - 2017

Department of Integrative Biology

University of California, Berkeley

Supporting scientists: Dr. David Ackerly and Dr. Bruce Baldwin

**Postdoctoral Research Associate** 2014 - 2015

Department of Ecology, Evolution, and Behavior

University of Minnesota

Advisor: Dr. Ruth Shaw

**Research Scientist: Conservation, Ecology, and Evolution** 2006 - 2008

Center for Conservation and Sustainable Development

Missouri Botanical Garden

## EDUCATION

**Ph.D., Ecology** 2008 - 2014

Colorado State University

Advisor: Dr. Amy Angert

**M.S., Biology (Ecology, Evolution, and Systematics)** 2003 - 2006

University of Missouri - St. Louis

Advisor: Dr. Bette Loiselle

**B.A., Environmental Sciences and Spanish (double major)** 1998 - 2002

Washington University in St. Louis

## RESEARCH INTERESTS

evolutionary and population ecology; biogeography; plant community responses to climate change

## PUBLICATIONS

Undergraduate student<sup>u</sup>; Graduate student<sup>g</sup>; Postdoctoral associate<sup>p</sup>; Research technician<sup>t</sup>

30. Sasaki, M. J. M. Barley, S. Gignoux-Wolfsohn, C. G. Hays, M. W. Kelly, A. B. Putnam, **S. N. Sheth**, A. R. Villeneuve, and B. S. Cheng. 2022. ## GRANTS, FELLOWSHIPS, AND AWARDS

### Major grants and fellowships

<b>National Science Foundation, IOS, Total: \$2,236,397 (\$399,383 to NCSU)</b>	2023-2026
<i>Collaborative Research: ORCC: RUI: Integrating evolutionary and migratory potential of Chamaecrista fasciculata into forecasts of range-wide population dynamics under climate change (co-PI).</i> lead PI: Jill Anderson (U. of Georgia); co-PIs: Megan Demarche (U. of Georgia), Susana Wadgymar (Davidson College), Emily Josephs (Michigan State U.), and Jenny Cruse-Sanders (State Botanical Garden of Georgia).	
<b>National Science Foundation, DEB, Total: \$1,452,695 (\$509,734 to NCSU)</b>	2022-2025
<i>Collaborative Research: BEE: Integrating evolutionary genetics and population ecology to detect contemporary adaptation to climate change across a species range (lead PI).</i> co-PIs: Chris Muir (U. of Hawai'i at Mānoa), Lluvia Flores-Rentería (San Diego State U.), Jason Sexton (U. of California, Merced), and Jeff Diez (U. of Oregon).	
<b>NSF Postdoctoral Research Fellowship in Biology, \$138,000</b>	2016 - 2017
<i>Relationships among climatic tolerance, trait evolution, and diversification in the California flora</i>	
<b>NSF DEB Evolutionary Ecology, \$14,984</b>	2012 - 2014
<i>Dissertation Research: Role of evolutionary potential in limiting species' distributions (co-PI)</i>	
<b>NSF GK-12 Fellowship, Univ. of Missouri-St. Louis, \$30,000</b>	2005 - 2006

### Awards

Runner-up, Ecography Award for Excellence in Ecology and Evolution (E4)	2022
Awarded to early career researchers (Lee-Yaw et al.) for an outstanding Review paper in journal <i>Ecography</i>	
American Naturalist 2016 Student Paper Award	2017

### Small grants, fellowships, and honors

NCSU Faculty Research and Professional Development Fund, \$5,250	2022 - 2023
<i>A functional trait perspective on alpine plant community shifts in a rapidly changing climate (PI)</i>	
NCSU Faculty Research and Professional Development Fund, \$5,000	2019 - 2020
<i>Rapid evolution of thermal tolerance across a species' geographic range (PI)</i>	

Postdoctoral Association Career Development Award, Univ. of Minnesota, \$400	2015
Finalist, University of California President's Postdoctoral Fellowship	2014
Outreach Grant, Society for the Study of Evolution, \$800	2012
Global Sustainability Leadership Fellow, Colorado State University	2012
Rosemary Grant Award, Society for the Study of Evolution, \$2,500	2010
Graduate Student Research Award, Botanical Society of America, \$500	2010
Finalist, Environmental Protection Agency STAR Graduate Fellowship	2009
Steinkamp Fund, Colorado Native Plant Society, \$1,000	2009
Women in Natural Sciences Travel Grant, Colorado State University, \$300	2009
Awards from Department of Biology, Colorado State University, \$7,425	2009 - 2014
Grad. Degree Program in Ecology Fellowship, Colorado State University, \$1,000	2008
NSF GK-12 Fellowship, Colorado State University, \$4,000	2008
Awards from Department of Biology, Univ. of Missouri-St. Louis, \$3,500	2004 - 2005
Primate Action Fund, Conservation International, \$3,000	2004

## PRESENTATIONS

Undergraduate student<sup>u</sup>; Graduate student<sup>g</sup>; Postdoctoral associate<sup>p</sup>

### Invited symposia

46th Annual Southern California Botanists Symposium (virtual)	2020
Living on the edge - Plants in extreme environments	
"The role of demographic and evolutionary processes in buffering populations from climate change"	
International Biogeography Society Humboldt-250 Meeting, Quito, Ecuador	2019
Symposium: Architects of variation: How climate and physiology shape patterns of biodiversity	
"Can plant thermal tolerance evolve under climate change? A comparison of central and edge populations" ( <u>R. Wooliver<sup>p</sup></u> , S. Tittes, and <b>S.N. Sheth</b> ; presented by R. Wooliver)	
Green Life Sciences, University of Michigan, Ann Arbor, MI	2018
Symposium: Plant-environment interactions across scales	
"Do demographic compensation and adaptation buffer species from changing climate?"	
Society for the Study of Evolution, Portland, OR	2017
American Society of Naturalists Symposium: Across the Nth dimension: Quantitative and conceptual advances in the study of niche breadth	
"Does niche breadth predict vulnerability to changing environments? From population-level traits and demography to diversification in deep time"	
SACNAS, Long Beach, CA	2016
Scientific Symposium: (Day and) Night at the Museum: Exploring Research in Ecology and Evolution Behind the Scenes of Natural History Museums	
"Harnessing the power of herbarium specimen data for ecological and evolutionary studies"	

Jornadas Argentinas de Botanica, Corrientes, Argentina	2007
Symposium: Conservation and Threat Assessments of Plants	
“Riesgo de extinción en Bignonieae (Bignoniaceae): una perspectiva filogenética” (Sheth, S.N., L.G. Lohmann, T. Consiglio, and I. Jiménez)	
Botanical Society of America and Plant Biology Joint Congress, Chicago, IL	2007
Colloquium: Integration of spatial and ecological data in evolutionary studies	
“Extinction risk in Bignonieae (Bignoniaceae): a phylogenetic perspective” (Sheth, S.N., L.G. Lohmann, T. Consiglio, and I. Jiménez)	
<b>Invited seminars</b>	
Department of Biology, Wake Forest University	2022
Genetics and Genomics Academy, North Carolina State University	2022
Department of Biology, University of Toronto, Mississauga	2022
*** Graduate Student Invited Speaker ***	
Department of Plant Biology, University of Georgia	2021
*** Graduate Student Invited Speaker ***	
Department of Ecology and Evolutionary Biology, University of Tennessee, Knoxville	2021
Department of Ecology and Evolutionary Biology, University of Colorado, Boulder	2021
Department of Ecology and Evolutionary Biology, University of California, Irvine	2021
Ecology, Evolution, and Behavior Program, Michigan State University	2021
Department of Integrative Biology, University of California, Berkeley	2020
*** Graduate Student Invited Speaker ***	
Department of Ecology and Evolutionary Biology, University of Arizona	2020
Department of Ecology and Evolutionary Biology, Tulane University	2019
Program in Ecology, Duke University	2019
Kellogg Biological Station, Michigan State University	2019
Genetics and Genomics Seminar Series, North Carolina State University	2019
Bio-Pop Seminar Series, Department of Biology, University of North Carolina	2018
Department of Plant Biology, University of Vermont	2018
EEBio Seminar Series, Department of Biology, University of Virginia	2018
Department of Forestry and Environmental Resources, North Carolina State University	2018
Department of Biological Sciences, California Polytechnic State University	2017
Department of Ecology and Evolutionary Biology, University of California, Los Angeles	2017
Environmental Systems Graduate Group, University of California, Merced	2017
School of Integrative Plant Science, Plant Biology Section, Cornell University	2017
Center for Population Biology, University of California, Davis	2017
Department of Biology, University of Utah	2017
Natural History Museum of Utah	2017
Department of Plant and Microbial Biology, North Carolina State University	2017
Department of Biology, Williams College	2016
Department of Biology, University of San Francisco	2016
Department of Biology, Grinnell College	2015
Department of Plant Biology, University of Minnesota	2015
Department of Biology, Washington University in St. Louis	2007
Department of Biology, St. Louis University	2007

## Contributed conference presentations

- Goff, K. A.<sup>g</sup>, M. F. Oldfather, J. Nachlinger, B. Smithers, M. J. Koontz, J. Bishop, C. Bishop, and **S. N. Sheth**. “Plant community responses to climate change over an 18-year period on alpine summits in the Sierra Nevada and Great Basin, USA.” MtnClim, Gothic, CO (poster presented by K. A. Goff) 2022
- Lee-Yaw, J. A., McCune J. L., Pironon, S. and **S. N. Sheth**. “How well do species distribution models predict parameters of interest in population biology?” Ecological Society of America; Montreal, Canada (presented by J. Lee-Yaw) 2022
- Preston, J. C, R. Wooliver<sup>P</sup>, H. Driscoll, A. Coughlin<sup>t</sup>, and **S. N. Sheth**. “Spatial variation in high temperature-regulated gene expression predicts evolution of plasticity with climate change in the scarlet monkeyflower.” Botany (virtual; presented by J. C. Preston) 2021
- Olliff Yang, R. L., **S. N. Sheth**, and D. Ackerly. “Population differentiation in flowering time in *Lasthenia gracilis*, a widespread annual forb.” Botany (virtual; presented by R. L. Olliff Yang) 2021
- Smithers, B. V., M. F. Oldfather, M. J. Koontz, J. Bishop, C. Bishop, J. Nachlinger, and **S. N. Sheth**. “Community turnover by composition and climate affinity across scales in an alpine system.” Ecological Society of America (virtual; presented by B. Smithers) 2020
- Wooliver, R.<sup>P</sup>, E.E. Vtipil<sup>g</sup>, and **S.N. Sheth**. “A call for unified study of plant thermal performance in a warming world.” Botany (virtual; presented by R. Wooliver) 2020
- Querns, A.<sup>g</sup>, R. Wooliver<sup>P</sup>, M. Vallejo-Marín, and **S.N. Sheth**. “The evolution of thermal performance in native and invasive populations of *Mimulus guttatus*.” Botany (virtual; poster presented by A. Querns) 2020
- \*\*\* **Winner of Best Graduate Student Poster in Ecology** \*\*\*
- Wooliver, R.<sup>P</sup>, S. Tittes, and **S.N. Sheth**. “Can plant thermal tolerance evolve under climate change? A comparison of central and edge populations.” Southeast Population Ecology and Evolutionary Genetics, Clemson, SC (presented by R. Wooliver) 2019
- Vtipil, E.E.<sup>u,g</sup> and **S.N. Sheth**. “The evolution of flowering time in response to climate change in *Erythranthe cardinalis*.” Southeast Population Ecology and Evolutionary Genetics, Clemson, SC (poster presented by E. Vtipil). 2019
- \*\*\* **Winner of Second Best Graduate Student Poster** \*\*\*
- Kulbaba, M., **S.N. Sheth**, R.E. Pain, V.M. Eckhart, and R.G. Shaw. “Adaptive potential and realized changes in fitness in natural populations.” Society for the Study of Evolution, Montpellier, France (poster presented by M. Kulbaba) 2018
- Sheth, S.N.** and A.L. Angert. “Demographic compensation does not rescue *Erythranthe cardinalis* populations at the southern edge of the species range.” Ecological Society of America, Portland, OR 2017
- Kulbaba, M., R.E. Pain, V.M. Eckhart, **S.N. Sheth**, and R.G. Shaw. “The immediate capacity for adaptation and its realization in natural plant populations.” International Botanical Congress, Shenzhen, China 2017

<b>Sheth, S.N.</b> , M. Kulbaba, R.E. Pain, and R.G. Shaw. "Expression of additive genetic variance for fitness in a population of partridge pea grown in two field sites." Society for the Study of Evolution, Portland, OR (presented by R.G. Shaw)	2017
<b>Sheth, S.N.</b> , W.A. Freyman, B.G. Baldwin, and D.D. Ackerly. "Relationships among rates of climatic niche evolution and diversification." Society for the Study of Evolution, Austin, TX (poster)	2016
<b>Sheth, S.N.</b> and A.L. Angert. "Artificial selection reveals high genetic variation in phenology at the trailing edge of a species range." Ecological Society of America, Baltimore, MD	2015
<b>Sheth, S.N.</b> and A.L. Angert. "Does a jack-of-all-temperatures have a large geographic range?" Society for the Study of Evolution, Snowbird, UT	2013
<b>Sheth, S.N.</b> , I. Jiménez, and A.L. Angert. "Effects of niche properties on variation in geographic range size among species of western North American monkeyflowers." Ecological Society of America, Portland, OR	2012
<b>Sheth, S.N.</b> , L.G. Lohmann, T. Distler, and I. Jiménez. "The Wallacean shortfall: bias in estimates of geographic range size." Botanical Society of America, St. Louis, MO (presented by I. Jiménez)	2011
<b>Sheth, S.N.</b> and A.L. Angert. "Ecological niche attributes and geographic range size in western North American monkeyflowers." Society for the Study of Evolution, Portland, OR	2010
<b>Sheth, S.N.</b> , L.G. Lohmann, I. Jiménez, and T. Consiglio. "Riesgo de extinción en Bignoniaceae (Bignoniaceae) estimado con datos de herbario." Congreso Latinoamericano de Botánica. Santo Domingo, Dominican Republic (presented by L. G. Lohmann)	2006

## TEACHING

### North Carolina State University

Plant Ecology, PB450/550-001, solo instructor	2019 - present
---	----------------

### Colorado State University

Principles of Plant Biology Laboratory, teaching assistant	2008 - 2014
Plant Ecology, guest lecturer	2012 - 2013
Plant Ecology, teaching assistant	2011 - 2012
Biology of Organisms, guest lecturer	2009
Cache La Poudre Junior High School, NSF GK-12 fellow, LaPorte, CO	2008 - 2009

### Missouri Botanical Garden

Neotropical Plant Families, guest lecturer for University of Michigan course	2008
Conservation Biology, guest lecturer for University of Missouri - St. Louis course	2008

### University of Missouri - St. Louis

McCluer High School, NSF GK-12 fellow, Florissant, MO	2005 - 2006
Organisms and the Environment Laboratory, guest lecturer	2005

### AmeriCorps Partnership for Youth

Woodward Elementary School, tutor and teaching assistant, St. Louis, MO	2002 - 2003
---	-------------

## MENTORING

### North Carolina State University

#### *Postdoctoral associates*

Dr. Rachel Wooliver 2018 - 2020

#### *Graduate students*

Kaleb Goff (Ph.D.) 2021 - present

Emma Vtipilthorpe (Ph.D.) 2020 - 2021

Aleah Querns (M.S.) 2018 - 2020

Emma Vtipil (M.R.) 2019 - 2020

#### *Undergraduate researchers*

Devin Adas 2021

Brooke Caldwell 2019 - 2020

Mataeus Funderburk 2022 - present

Natalie Gold 2019

Mariah Kidd 2019 - 2020

Sophie Meng 2021 - present

Daisy Ryan 2020 - 2021

Emily Powell 2021

Jessie Torres 2018 - 2019

Emma Vtipil (Honor's thesis student; recipient of NCSU Chilton Research Award) 2018 - 2019

Mia Wiegmann 2018 - 2021

Emma Wilson 2021 - present

Collin Yurish 2018 - 2019

#### *Research technicians*

Aeran Coughlin, Lab Manager 2019 - 2021

Magdalene Lo, Field Technician 2021

Malia Reiss, Field Technician 2022

#### *Graduate student committees*

Erin Eichenberger, NCSU 2020 - present

Samuel Flake, NCSU 2018 - 2021

Melina Keighron, NCSU 2022 - present

Kira Lindelof, NCSU 2020 - present

Ryan O'Connell, Duke University 2020 - present

Simon Pinilla-Gallego, NCSU 2018 - 2021

Anita Simha, Duke University 2020 - present

Greg Wilson, NCSU 2018 - 2019

### University of California, Berkeley

Mentored 7th graders at King Middle School as part of Be a Scientist outreach program 2017

### University of Minnesota

Sam Weaver (NSF REU student from St. Olaf College) 2015

### Colorado State University

Amber Weimer (Honor's thesis undergraduate student) 2013 - 2014

Trained, mentored, and supervised 17 undergraduates & recent college graduates 2009 - 2014

Biological Summer Undergraduate Research Experience program committee member 2012

## SERVICE

### University service

Plant Biology Graduate admissions committee, NCSU	2018 - present
College of Agricultural and Life Sciences greenhouse committee, NCSU	2019 - present
Ecology faculty search committee, Dept. of Plant and Microbial Biology, NCSU	2019 - 2020
Biology faculty search committee, Colorado State University	2012 - 2013

### Professional service

Chair, Workshop and Regional Society Committee, American Society of Naturalists	2022 - present
Member, Workshop and Regional Society Committee, American Society of Naturalists	2021 - 2022
Manuscript reviewer: <i>American Journal of Botany</i> , <i>American Naturalist</i> , <i>Annals of Botany</i> , <i>AoB PLANTS</i> , <i>Biology Letters</i> , <i>BMC Evolutionary Biology</i> , <i>Current Biology</i> , <i>Ecography</i> , <i>Ecological Applications</i> , <i>Ecology</i> , <i>Ecology Letters</i> , <i>Evolution</i> , <i>Evolutionary Ecology</i> , <i>Functional Ecology</i> , <i>Journal of Animal Ecology</i> , <i>Journal of Ecology</i> , <i>Molecular Ecology</i> , <i>New Phytologist</i> , <i>Philosophical Transactions of the Royal Society B</i> , <i>PNAS</i> , <i>Proceedings of the Royal Society B</i> , <i>Science Advances</i> , <i>Trends in Ecology and Evolution</i>	2009 - present
Panelist: NSF Division of Environmental Biology	2022
Proposal reviewer: NSF Division of Environmental Biology	2014, 2021, 2022
Book proposal reviewer: Oxford University Press	2018

### Other service

Volunteer: Global Observation Research Initiative in Alpine Environments (GLORIA) Great Basin, California and Nevada	2017 - present
Invited Speaker, New Hope Audubon Society Monthly Meeting, North Carolina Botanical Garden, Chapel Hill, NC. "Species ranges in a changing world"	2022
Invited Panelist, Community Dialogue on Asian Americans and Pacific Islanders in Ecology and Evolutionary Biology (virtual), Northeastern University Marine Science Center	2022
Invited Panelist, Forestry and Environmental Resources Leadership Board's Research Panel and Mixer, NCSU	2022
Invited Panelist, PhD Career Panel (virtual), Graduate Degree Program in Ecology, Colorado State University	2021
Exhibitor, Darwin Day, North Carolina Museum of Natural Sciences	2019, 2021, 2022
Primary Atlaser (Cary SE Priority Block) and Volunteer: North Carolina Bird Atlas	2021 - present
Judge, Southeast Population Ecology and Evolutionary Genetics	2019
Advisory board member: Science Ambassador Scholarship (for undergraduate women in science, technology, engineering, or math), Cards Against Humanity	2017 - 2018
Collaborated with National Park Service to recruit Navajo Nation students to assist with fieldwork in Canyon de Chelly National Monument, AZ	2009
Volunteer, Putnam Elementary Science Carnival, Fort Collins, CO	2009

Volunteer, Unidad Técnica (environmental NGO), Managua, Nicaragua 2001

## WORKING GROUPS AND WORKSHOPS

Working group on evolutionary processes in Long-Term Ecological Research sites (Evo-LTER), Sevilleta National Wildlife Refuge LTER, La Joya, NM 2022

Mentoring Makes a Difference Workshop Series, North Carolina State University (virtual) 2022

HHMI Inclusive Excellence Faculty Workshop, North Carolina State University, Raleigh, NC 2021

Agricultural Leadership Learning Institute for Faculty, North Carolina State University, Raleigh, NC 2019

Evolution in Changing Seas Synthesis Workshop, Shoals Marine Laboratory, Appledore, ME 2019

Software Carpentry Workshop, Berkeley Institute of Data Sciences, Berkeley, CA 2016

Early Career Centennial Mentoring Program, Ecological Society of America, Baltimore, MD 2015

Quantitative Genetics and Mixed Models in Quantitative Genetics, Summer Institute in Statistical Genetics, University of Washington, Seattle, WA 2013

Intro to Python for ArcGIS Workshop, Colorado State University, Fort Collins, CO 2013

Science Communication Workshop, Colorado State University, Fort Collins, CO 2012

Living on the edge: integrating science into the management of range-margin populations, University of Wyoming, Laramie, WY 2010

Applied Phylogenetics Workshop, Bodega Bay Marine Laboratory, CA 2010

Working with ArcGIS Spatial Analyst (short course), Environmental Systems Research Institute, St. Charles, MO 2007

Distance Sampling Workshop, University of Missouri - St. Louis, St. Louis, MO 2006

Assessing extinction risk in Bignonieae (summer internship), Center for Conservation and Sustainable Development, Missouri Botanical Garden, St. Louis, MO 2005

Geographic Information Systems (course), University of Missouri - St. Louis 2004

Tropical Biology: An Ecological Approach (course), Organization for Tropical Studies, Costa Rica 2004

Historical Biogeography (short course), University of Missouri - St. Louis 2004

## PROFESSIONAL AFFILIATIONS AND SOCIETIES

Science Director: GLORIA (Global Observation Research Initiative in Alpine Environments) Great Basin

Faculty Affiliate: Southeast Climate Science Center

American Society of Naturalists

Botanical Society of America

Ecological Society of America

Society for the Study of Evolution
